

### Publication Table

**Caption-** This table represents trends in Final Ranger Action, types of Animal Reported and Source of Information over time for New York's Urban Park Rangers. The first part of the table shows the trends in Final Ranger Action as ACC (Animal Care Centres) or Rehabilitator, the second part of the table is focused primarily on showing trends in Source of Information and Type Of Animal being reported over the recorded time and includes all Final Ranger Actions.

and Type Of Animal being reported over the recorded time and includes all final Ranger Actions.								
Year	Source Of Information	Type Of Animal
